- thinking outside the box
- perfectionist and detail-oriented
- excellent verbal and organizational skills
- outgoing and responsible person
- ability and experience in working in a team, as well as a team leader
- extremely high standards for working results

SOFTWARE

PHOTOSHOP

Tool I am using literary every single day. Whatever you need, I can make it happen: photo manipulation, posters, brochures, GIFs, flyers, prepress color correction, ...

COREL DRAW

Yes, I know that people prefer Illustrator, but I am so much faster here. And, really, there is nothing wrong with Corel. I will make vector from anything you need here.

SWISH MAX

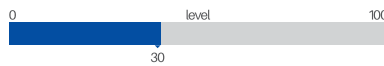

I am using this to create web banners. All kinds of animated web banners. Tall, short, long, ... whatever you need. I am also using this for making motion design videos.

LIGHTROOM

I know that this is not a designer tool, but sometimes a designer gets a RAW photo file and in those cases this knowledge is really handy.

PHOTO PAINT

Did not spend much time here, but this tool has really really great brushes and options for them and it is compatible with Photoshop so I am using it occasionally.

PROTO.IO

If you need a prototype for your app or website, I can make it here easily. A handy tool for showing clients what their product will look like before it reaches developers.

OTHER SKILLS

- rich experience in prepress
- has professional photography equipment and is experienced in photographing events, different kinds of products, food, interior, etc.
- LEGO master builder (no, seriously, I build stuff with legos)
- experience as a lecturer
- driving licence

FOREIGN LANGUAGES

- English (Intermediate - B2)
- Slovak (beginners level)

EXHIBITIONS

- digital artworks exhibitions in Novi Sad in 2006 and 2012
- independent photography exhibitions in Novi Sad in 2007, 2008, 2009, 2010, 2012, and 2014
- group photography exhibitions in the Museum of Vojvodina in Novi Sad in 2008, and in Belgrade in 2017
- posters exhibitions in Novi Sad in 2011 and 2015, and in Belgrade in 2016
- 2009 - 2013 organizer of group exhibitions for participants who finished EdOn creative workshops
